

# TRANSFER TALK Tuesday

Transfer Talk Tuesdays are back this fall! The Ohio Articulation and Transfer Network will host three transfer-related webinars beginning in September. These professional development webinars cover a range of topics and initiatives, usually lasting about 30 minutes with additional time for questions and discussion.

Webinars are open to all faculty and staff who are interested. Participants can “tune in” at 1:00pm every third Tuesday of the month to hear about that month’s transfer topic.

Each button below allows you to join a webinar on the day of or add a future webinar to your calendar. To add, click the button and you will be taken to WebEx where there will be an option to “add to calendar.”
